Dear Charles

**Outstanding Performance**

We would like to thank you and the Entelect Solutions team for the exceptional and professional software development work done on the Vitality Interactive Project.

It was a significant project for us and our members, and your team worked tirelessly to ensure that the project was delivered on the strict deadlines that were set.

Thank you again to the Entelect Solutions team - Mark Beets, Armand Naudé, Tim Kroon and Lesetse Kimwaga - for the dedication, commitment and passion they displayed towards our business.

Yours sincerely
